Born on 14th September 1974 Juergen raised up with his family in Timelkam, Upper Austria, Europe. His Parents had a Coverband and so he performed on Stage since the age of 3 Years. As a Teenager, J.J. discovered his love for Elvis, his films and his music. He sang along with the Elvis tapes and soon his Voice was getting similar to the Original. So he started his public performances as an ETA. In 1996 and 1997 he travelled to Memphis to participate at the Images of Elvis Contest which was held by Doc Franklin.

The Austrian Newspapers and TV Stations reported about the Participation of the Austrian ETA in Memphis and that he even sang himself to the Finals. So J.J. became one of the most sought after Austrian ETA.

2014 – at his 40<sup>th</sup> Birthday, he could record 3 Songs at the Sun Record Studio in Memphis which was a great Experience. His biggest Show till now, was at the famous Brucknerhaus in Linz, Austria, where he performed with his orchester 2 Shows at one day and almost 3.000 Visitors.

J.J.'s profession is head of district in his hometown Timelkam and he is on the stage only as a hobby. Since his real name is very difficult to pronounce, Juergen was suitable for the stage name **J.J. King**. The most important thing for him is the fun of music and his guiding principle is that Elvis was unique, so nobody will ever be able to imitate Elvis completely.

Elvis forever!
